STATE OF HOMELESSNESS IN THE CITY OF DALLAS

Homelessness affects the entire Dallas community, not just the persons who experience homelessness over the course of the year. More than 300,000 Dallas residents live in poverty and almost 600,000 live in housing distressed households. Of the 2,000 beds in Dallas shelters, the majority are full every night. Dallas also lacks affordable housing, as the median gross rent of \$950.00 is unaffordable to the homeless population and low income residents who earn 0-30% of the Dallas AMI (\$63,812), or earning \$1,617.80 per month.

*******WE NEED YOUR HELP!*******

Through your generosity in 2019, MDC was able to provide assistance for more than 10,000 people. As you can see from the above excerpt from the City’s State of Homelessness Address, the need for our type services is increasing beyond our current ability. As you may or may not know, MDC is a Non-Profit Organization (501c3) and funded through those who have a passion for helping the under privileged and misfortunate. We provide many services such as; Food, clothing, Spousal Abuse Referral, and, most of all, we share the love of Christ.
